*“Finally, all of you be of one mind, having compassion for one another; love of brothers, be tenderhearted, be courteous.”
(1 Peter 3:8)*

Coptic Integrated Family Services’ mission is to provide professional counseling, education, and support to individuals, couples, families, youth, children, and faith leaders for various mental health related issues that arise in everyday life. Coptic Integrated family Services (CIFS) intends to offer many services in a community based clinical setting.

“What can we do to help YOU?”

Three Facets of CIFS:

1. **Educational:** in educating individuals, we will be better able to destigmatize mental health and allow individuals to seek out much needed services without feeling threatened or ashamed. It is important for our community to realize how common these needs are in order to take initiative and get the type of attention needed.

2. **Help-Line:** if you would like to speak to someone about the availability of services or are in need of services offered through CFS, please call our 24-hour Hotline #: 1-866-912-2734. In case of an emergency, call 911.

3. **Physical Clinic:** Proposed Physical Site: Los Angeles area. CFS is currently in the process of finding a location for a physical clinic. Though the clinic is not yet open, services are still available by calling the hotline number. Satellite clinics: God willing, after the opening and success of the clinic, we will have satellite clinics available in many locations across the greater Los Angeles area.
